- 8) **Music / video’s updated weekly, including radio edits & remixes**
- 9) **100% digital sound systems for crystal clear audio**
- 10) **Not a cookie cutter Dj / Vj , no two events are ever the same**

Lighting: Color your world

Sound Masters carries a huge arsenal of lighting that transforms your venue into whatever you can dream up. From a night underwater to a dance in clouds, we have done it all. Allow us to help you conceptualize your vision and bring your ideas to life. Sound Masters also carries lighting packages to fit every budget and focuses on maximizing your venue potential to give your guests a show they have never seen before. In addition to colored lighting, Sound Masters can also provide a customized laser show, like nothing you have ever seen. From laser ceilings to your logo floating above the dance floor. Anything that can fit on paper can be animated into our laser system. Single & Full Color laser systems available.

VJ Extreme is San Diego’s Premiere Video DJ

Video DJ'ing (VJ'ing) is becoming the new standard for high end entertainment. Young adults are amazed by this new dimension of entertainment. Some DJs pretend to accomplish this by playing videos at random or playing ambient visuals along with standard audio.

VJ Extreme takes it to another level and establishes a new standard in Video DJ'ing. playing 100% music videos throughout your entire event. Concerns arise from event planners that the material may not be suitable for the audience. Vj Extreme prides himself on playing **ONLY** clean edits of all videos and remaining alert to what is being shown at all times.

Raising the standards at all events is a priority of Vj Extreme and Sound Masters as a whole, to continually provide its clients with a high impact experience that is second to none.

Additional Services:

Instant Camera – Using our specialty camera we can take photos of your guest which will **INSTANTLY** be projected on one of our video screens in **REAL TIME**. Optionally you can have a copy of all photos' shot at the close of your event.

Custom Image Projection – Using a high powered lighting fixture, imagine your school logo/mascot or theme in full color being projected 20 feet tall across a wall of your venue.

Sound Masters will work with your budget to ensure that your event has everything you want while remaining cost effective for everyone. We can fulfill your needs and exceed your expectations!
